Data Privacy Statement

The information provided on this form will be used by St. Malachy's B.N.S. to apply the selection criteria for enrolment and to allocate school places in accordance with the School's Admission Policy and the School's Annual Admission Notice.

Where a pupil is admitted to the school, the information will be retained on the pupil's file.

On acceptance of an offer of admission, this information will be entered in the School Administration System and will be uploaded to the Primary Online Database. The Primary Online Database (POD) is a nationwide individualised database of primary school pupils, hosted by the Department of Education and Skills.

In the event of oversubscription, a waiting list of students whose applications for admission to St. Malachy's B.N.S. were unsuccessful due to the school or class being oversubscribed will be compiled, and will remain valid for the school year in which admission is being sought (See Section 13 – School Admission Policy).

Where a child's name is placed on a waiting list, and the child is not admitted to the school, the information provided on this form will be retained for the duration of the school year and will be securely destroyed thereafter.

Consensual Pupil Information requested
for Department of Education and Skills
Primary Online Database

The Department has consulted with the Data Protection Commissioner in relation to the collection of individual pupil information for the Primary Online Database. Religion and ethnic and cultural background are special category data under the General Data Protection Regulation (GDPR). Mother tongue is personal category data requiring consent for collection. While these questions are optional, written consent is sought by the student's school to record this information and for the school to forward this information to the Department.

The information would be very useful to the Department for statistical and research purposes. Aggregated information on Ethnic/Cultural background will be used to track the progress of these groups, and to compare their progress with other groups, thereby identifying gaps in the system and assisting in the development and implementation of appropriate policies and interventions. Aggregated information on religion will be used for statistical purposes only. Mother tongue is collected to identify, monitor and evaluate the need for English as an additional language (EAL) support. Parents/guardians have the option to identify their children's religion, ethnic background or if mother tongue is English or Irish and to consent for this information to be transferred to the Department of Education and Skills. This page of the form will be retained by your primary school.
